SOD Selection Process

For **ALL** YOB categories (U16, YOB 2004 & 2005, and U14, YOB 2006) a CPL score will be calculated (refer to section below) for each male/female participant based on their finish time and the finish time of the top two female and top two male athletes in **combined 2004, 2005, 2006, YOB** categories. Selection lists will be prepared as follows:

1. In order to be included on the selection list the skier must compete in and finish **at least one** Ontario Cup race from the following scheduled Ontario Cups:
 - a. Ontario Cup #1 (Saturday classic race **OR** Sunday skate race)
 - b. Ontario Cup #2 (Friday skate sprint event **OR** Saturday classic event **OR** Sunday skate event)
 - c. Ontario Cup #3 (Saturday skate event **OR** Sunday classic event)
2. SOD selections will be based upon **the average of the best two (2) CPL point races** of the nine individual qualification races. The average of the best 2 races must include **one classic technique race and one skate technique race**.
3. A selection list will be prepared for the male athletes and a selection list will be prepared for the female athletes. These selection lists will show the score from each race and will be sorted by the total of the best two races and ranked by the highest points to lowest points.
 - i. Males: Top 10 athletes based on the average of the highest 2 CPL scores regardless of YOB category will qualify
 - ii. Females: top 10 athletes based on the average of the highest 2 CPL scores regardless of YOB category will qualify
4. Additional qualifying athletes will be offered a position based upon the next ranked skiers from the same female and male selection lists. Positions will be offered alternately as to maintain equal numbers of both female and male skiers up to the maximum number of skiers allocated to SOD for the OWG. Should an athlete decline a position, the position will be offered to the next ranked skier of the same gender.
5. Should SOD be allocated an uneven number of positions, the final position shall be offered to the next male or female skier on the list who has the higher points.
6. In the event of a race cancellation only the remaining race(s) will be used for selection.
7. If neither selection race is held, total season SOD Paraffin Series points from the 2018-19 season for the same cohort of athletes will be used for selection.

CPL (Canada Points List) Calculation

The CPL calculation will be completed in accordance to Nordiq Canada's detailed explanation referred to in item 2 (e) <http://www.cccski.com/Events/Points.aspx>
