

SOD Website Event Listing Policy

Approved on Jan 23, 2019

Southern Ontario Division (SOD) operates a website, currently located at <http://xcskiontario.ca/districts-clubs/sod>. This website includes a calendar that lists events.

The goal of the website is to provide ski-related information to our membership, and to the skiing community at large. To best serve the community, we would like to maximize the potential of our events page.

SOD aims to list events sponsored by the following organizations. All events will be restricted to skiing-related events (ie no cycling events).

- Cross Country Ski Ontario (XCSCO)
- SOD -- ie SOD Paraffin Series races, World Snow Day, etc
- Member Clubs
- Non-Member ski facilities within SOD boundaries

At this time, we will not be accepting events from non-member organizations that do not operate ski facilities (such as retailers and equipment distributors).

Members pay fees to support XCSCO and SOD, and we are including this service in that fee. Non-member ski facilities are eligible for one event posting per ski season free of cost; subsequent postings are \$25 each. For these purposes, the ski season is defined as June 1 to the following May 31.

The SOD Webmaster reserves the right to reject event postings at our discretion, and these decisions will be subject to review by the SOD Board of Directors. SOD also reserves the right to revise this policy without notice.

To request a posting, please contact colin.rhodes@gmail.com
Payments can be made via Interac e-Transfer to the SOD treasurer.
