

XCSO Kilometer Challenge Participation Rules, Guidelines and Reminders

1. The main goal of this competition is to encourage all community members (athletes, coaches, parents, alumni, etc) to get out on skis and to feel a part of our Cross Country Ontario ski community even when skiing separately.
2. We encourage positive competition. Whether it be against yourself, your teammates and club members and/or with other Ontario clubs. Choose how you would like to use this challenge and please respect others' choices as well.
3. You are only allowed to record your KMs for one club. If you are currently recording for more than one, please choose one and remove your name from the other(s) by **Monday January 18th**, or it will be done for you.
4. You do not need to be a current club member to record your kilometers, in fact; we encourage alumni to join in on the fun! However; the club you are recording for does need to be registered with XCSO.
5. Reminder: awards will be given out to the highest average km count as well as bragging rights to the club with the most overall kms. Don't be discouraged if you are a smaller club, you can still do really well if not win the highest average km competition.
6. **DO NOT EDIT THE SPREADSHEET.** Record your KMs in their appropriate spot beside your name. Continued tampering with the spreadsheet causes confusion and a lot of editing work and could result in your club's spreadsheet being locked. If you see an error or have a legitimate concern, please contact us at coach@xcskiontario.ca

It has been so wonderful seeing so many of you embrace this challenge! Thank you for understanding and respecting the amount of work that goes into this. Now get out skiing!
