Nomination Synopsis

Our aim is to be as inclusive as possible with the interpretation of criteria and nomination decisions. The Ontario Junior Ski Team (OJST) is a development focused team. Athletes nominated to this team must meet performance requirements of achieving a minimum average CPL in Sprint, Distance, or an average of Sprint/Distance. Athletes must also have competed in a minimum of 7 Ontario Cup starts. Additional discretionary nominations were given to those athletes meeting performance criteria who did not compete in the prerequisite number of Ontario Cup starts but who competed at Canada Winter Games.
