

Female Athlete Bridge Program

[\[Return to Program Overview\]](#)

In an effort to address the gender disparity in the current Ontario high performance landscape, in particular during the post-secondary transition, additional female athletes who fall within 3% of their XCSO CPL/IPB percentage benchmarks will be nominated to the Ontario Ski Team Female Athlete Bridge Program.

Athletes must complete all components of the Ontario Ski Team selection process. If selected, the program will offer targeted opportunities and support determined during the IAPP process and include team clothing.
